

## AIR WIPE AIR-AW02 ØINT. 51 MM

AirMasters air wipes are ideal to clean, cool and dry cables, pipes, extrusions, hoses, wires and ropes. They are easy to mount and maintain and reduce both compressed air consumption and noise levels. Producing a "laminar" flow of air along its 360° angle using the Coanda effect which entrains a large volume of air from the surrounding area along with the small amount of compressed air to produce an output flow up to 30 times the initial one. Our air wipes are available in anodised aluminium, steel 304 and steel 316L. All models are provided with stainless steel screws and stainless steel shims.
